Re: Public Complaint Against RCMP Member

Your "Fax Memo" received December 7, 2009, refers.

As indicated within the body of your letter, I understand that you will be pleased to communicate with me, however, you insist that it occur in writing. I would like to say Mr. Jasich, that I respect your desire to communicate in this manner. Unfortunately, however, the manner in which this investigation into the actions of Inspector Bain and her colleagues at "E" Division Commercial Crime Section is to be conducted, makes this method of communication impossible. The steps of the investigation require that I first meet with you to address your expressed concerns. To enable me to do this, I would like an opportunity to speak with you on the phone and arrange a time for us to meet which does not conflict with either of our schedules. I would appreciate having an opportunity to arrange this in the near future.

Given what is required to commence this investigation, I ask that you kindly consider speaking with me on the phone enabling me to arrange the necessary first meeting. Upon receipt of this letter, please contact me at 778-571-7476 between the hours of 8:00 am and 4:00 pm, Monday through Friday, and make the necessary arrangements. If I am unavailable to receive your call, could you kindly leave a contact number so that I may return your call and solidify the necessary arrangements.

Yours truly,

A handwritten signature in black ink, appearing to read "M.S. Arnold".
