Acting Officer in Charge  
“E” Division Integrated Proceeds of Crime  
Vancouver, BC

28 Dec 2009

Attention Insp. Arnold:

**Re: Public Complaint Against the Vancouver RCMP Commercial Crime Unit**

I note from your letter of the 12 Dec 2009, that you are assigned to investigate this complaint which involves your fellow RCMP Inspector Ms. Bains, also of “E” Division.

*“The steps of the investigation..”* which you allege are binding on you, are not in my best interests, and it is necessary that you begin your investigation by reviewing documents which I have provided and other documents which are available to you which have not been disclosed to me.

Too many times recently, the RCMP have interviewed persons privately and those persons have, more times than enough, meet their death. Furthermore, the RCMP has too many times, changed the facts of what transpired in those private interviews.

Furthermore, it appears that Ms. Bain may be senior to you, in that you are in an acting capacity in your present role, in other words, you are not yet settled into a position.

I note also that a short time earlier you sent Mr. Kirby with the same message, that I should meet with him, and he is not even a police officer. In other words, if Mr. Kirby could have obtained the information that you are now seeking, it appears to me that it is not useful for obtaining a full and proper investigation.

I must therefore suggest that you conduct your communications with me in writing.

Yours truly,

ANTHONY J. JASICH
